

INNOVATIVE MARINE PRODUCTS

the HURLEY DAVIT

FOR THE BOAT OWNER WHO DEMANDS THE BEST!

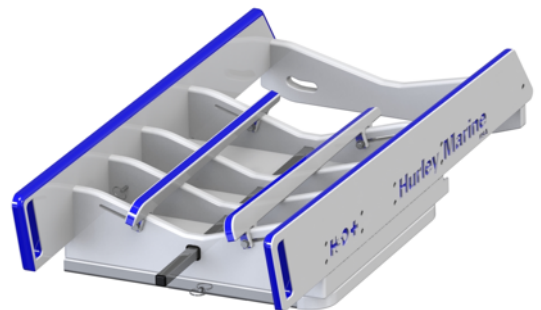

✧ Hurleys 3rd Option PLUS ✧

The H3O+ (PLUS) is specifically designed to allow the safe retrieval and stowage of a Rib Dinghy, Hard Hulled Tender or Jet Ski using this linear bunk system. The stainless steel mounting system provides a quick release, leaving a very small footprint and a clear deck for any activity. Requires only four bolts for the install and only stands 5/8" high leaving a clear deck for any activity.

Other special features of the H3O+ is the 12v Electric Winch system that can muscle up to 725 pounds. A second inner bunk system has been added for those heavier loads.. The H3O+ is offered with either a Hand Winch or a 12v Electric Winch, which is easily removed for storage while underway.

www.HurleyMarine.com
